

# Getting To Know Your Child

At GLCP we feel that the parent is the child's first teacher and knows their child best. Throughout the year we will get to know you and your child better but we would love to get your feedback as the year begins. GLCP uses Teaching Strategies Gold as our assessment method and we feel that the parent should be part of that assessment process. We invite you to please write anything you would like us to know about your child, what you hope your child will achieve or even what you think your child may need support with.

Thank you for giving us the opportunity to educate your child!
